SHOPSPHERE ONLINE RETAIL PVT. LTD.
RETURNS & REFUNDS CHATBOT â€” ACCEPTABLE USE POLICY
Document Version 1.0 | Effective Date: 10 July 2026
Applies to: All Customers Using the Website / App Chatbot
==========

1. PURPOSE & SCOPE

This policy explains how customers should use the automated chatbot ("Assistant") provided on our website and mobile app for handling product return, refund, and exchange requests. It sets clear expectations on acceptable use so that the Assistant can serve you quickly, accurately, and securely. This policy applies to every customer who interacts with the Assistant, whether as a guest or a registered account holder.

2. WHAT THIS ASSISTANT IS DESIGNED FOR

The Assistant is a dedicated support tool built specifically to help you with the return and refund journey. It is not a general-purpose assistant, and its responses are only reliable within the scope described below.

3. RECOMMENDED USE â€” "DO"

- [x] Use the Assistant to check return eligibility, initiate a return, or track a refund status.
- [x] Provide your order ID, order email, or registered mobile number when asked, to help the Assistant locate your order accurately.
- [x] Ask about return windows, exchange options, pickup scheduling, and refund timelines for items purchased on this website.
- [x] Upload clear photos of damaged or defective items when the Assistant requests them.
- [x] Use simple, direct language describing your issue (e.g. "I want to return order #12345, item arrived damaged").
- [x] Escalate to a human support agent using the "Talk to an agent" option if the Assistant cannot resolve your query.
- [x] Report any incorrect, offensive, or suspicious chatbot behaviour to customer.care@shopsphere.example so we can review and improve it.

4. PROHIBITED & OUT-OF-SCOPE USE â€” "DON'T"

[ ] Don't ask the Assistant to solve mathematical, logical, or general-knowledge problems unrelated to your order (e.g. equations, puzzles, trivia). It is not built or approved for this and may give incorrect results.

[ ] Don't ask it to write essays, code, emails, or other unrelated content generation tasks â€” this is outside its authorised purpose.

[ ] Don't share sensitive personal data it hasn't asked for, such as full card numbers, CVV, bank passwords, or government ID numbers. The Assistant will never request these.

[ ] Don't rely on the Assistant for legal, medical, tax, or financial advice.

[ ] Don't use the Assistant to place new orders, negotiate prices, or seek discounts outside published offers â€” it cannot authorise these.

[ ] Don't attempt to manipulate, "jailbreak", or trick the Assistant into ignoring its instructions or role-playing as a different system.

[ ] Don't submit abusive, threatening, or fraudulent claims (e.g. false damage reports); such conduct may lead to account review or suspension.

[ ] Don't treat chatbot responses as final legal confirmation â€” refunds and approvals are only final once confirmed in your registered email or order dashboard.

5. DATA HANDLING & PRIVACY

Conversations with the Assistant, including any images you upload, are stored to process your return and to improve service quality. This data is handled in accordance with our Privacy Policy. Do not share information about other people (such as a family member's card details) through the chat.

6. ACCURACY, LIMITATIONS & ESCALATION

The Assistant uses automated logic and may occasionally misunderstand a request or provide an incomplete answer, particularly for complex, multi-order, or policy-exception cases. If a response seems incorrect, unclear, or if your situation falls outside standard return rules (e.g. a return past the eligibility window due to exceptional circumstances), please use the "Talk to an agent" option to reach a human representative. The Assistant does not replace your statutory consumer rights.

7. ACCEPTABLE CONDUCT

Please interact with the Assistant respectfully. Abusive language, spam messages, or repeated attempts to misuse the Assistant for purposes outside this policy may result in the chat session being ended, temporary throttling, or referral of your account for review under our Terms of Use.

8. DISCLAIMER & LIABILITY

This Assistant is provided as a convenience tool to support your return experience. While we aim for accuracy, ShopSphere Online Retail Pvt. Ltd. is not liable for decisions made solely on an unconfirmed chatbot response. All refunds, approvals, and exceptions are governed by our published Returns & Refunds Policy, which takes precedence over any chatbot output in case of conflict.

9. CHANGES TO THIS POLICY

We may update this policy from time to time as the Assistant's capabilities evolve. The latest version will always be available on this page, with the effective date shown at the top.

NEED FURTHER HELP?
Use "Talk to an agent" in the chat window, email customer.care@shopsphere.example, or call our support line listed on the Contact Us page.

By using the Returns & Refunds chatbot, you acknowledge that you have read and agree to this Acceptable Use Policy.
